### **Note from Donor**

“This album is the property of Chris Stafford, Pictou Island who loaned this to David MacKeil, Caribou see and pass on to others to enjoy. I have made a decision to loan this album in Chris Strafford’s name as well as Jack “Happy” MacDonald whose house wall this was found in after Chris was doing renovations. “

Jack “Happy” MacDonald was a very well-liked character of Pictou Island. So I would like to put this on loan to you (Hector Centre). If you contact Chris and he decides to give it to you that would be great Chris is a very nice person who would like to preserve history like I do. If I could suggest a name: Jack “Happy” MacDonald Collection.

grind; but out on the wide prairies, philanthropy may be more common than it is here and human nature less subtle. Or it may be that the Sun was quite as bright as its name implies, and was not averse to having a little fun with the gentleman at the Capital, who apparently had taken it for a party drain-pipe, ready to swallow anything. However that may be, this mysterious "gentleman in Ottawa" will likely be more prudent in the future; for an exposure of this character must render his wares much less palatable even than they were before to the dog-collar journals which are compelled to use them.

It would be interesting to know who does pay for these letters. To set up the contention that nobody does, would only be to raise a well-nigh universal laugh of disbelief. Even under this Administration, gentlemen are not doing yeoman work for the party and paying their own board—for nothing. They are far too loyal to the renowned party principle that "business is business" for that. Who then is paying for the writing of political letters from Ottawa, so intensely partizan as to turn the stomach of a paper which was previously so favourable to the Government that the philanthropic letter-writer mistook it for a party organ? The money which supports this kind of thing must come from somewhere. Are the wealthy gentlemen who subscribe so freely to the Liberal campaign funds out of pure love of party, supporting this additional interim political propaganda? The gentlemen upon whom the Liberal canvassers usually call, know whether they are or not; and if they are not furnishing the funds for this shady kind of political work, they will not be able to escape the suspicion that these funds have a still shadier origin. It is a matter that under such circumstances they should enquire into; for men standing in their relation to the Liberal party cannot avoid responsibility to a considerable degree for its acts in the way of money-raising.

Then the public ought to know what papers receive and print these "inspired" articles. A journal which has sold itself in this way to the party—which gets its opinions and judgments ready-made from Ottawa—is not worthy to be listened to; and should not in all decency be permitted to deceive the public. An unfortunate corollary of the affair will be that all Liberal journals—particularly those of the most recumbent attitude—will lie more or less under suspicion until they have cleared themselves. The very existence of such a "bureau" at Ottawa must constitute a charge against the good faith of every man who honestly avows himself a Liberal.

street.
- 2 Corner Lots, Rachel and Iberville

Not one foot of waste land. Terms very  
liberal. One fifth cash, balance in one,

5 per cent. on all purchases of \$1,000 and

who will build at once. A deposit of \$25  
on each lot to be paid at time of sale,  
immediately on adjudication. 30 days al-  
lowed to pass deed. The locality is im-  
proving with great rapidity; the street  
cars go right through Mr. Hogan's whole  
estate on Frontenac street to the abattoir  
making quick connections with the whole  
city and island. No better evidence of  
the good future in store for this section  
can be had than the erection of the  
magnificent Church of the Immaculate  
Conception, just completed, corner Rachel  
street and Papineau avenue, one of the finest  
and most modern edifices in Canada;  
cost nearly a quarter of a million dol-  
lars, and is equal to almost any  
cathedral. Investors and speculators,  
as well as those interested in the  
immediate locality, should attend this  
sale. There will be a repetition of the  
same chances of profit that occurred at  
the great Joyce sale. This is the  
first time a public sale has been made on  
this property, and the proprietor's name  
is a sufficient guarantee of its genuin-

Ald Stevenson remarked that in the mean-

His Worship said that the change was be-

CRAIG STREET PAVING MONEY.

The report of the Finance and Road  
Committees recommending that \$5,000 of the  
\$40,000 originally apportioned for the paving  
of Craig street be applied to repaving a part  
of St. Catherine street east and to work at  
Logan's Park.

It will be remembered that the city ob-  
tained permission to borrow \$73,000 for  
street paving, and the Finance and Road  
Committees originally reported in favour of  
devoting \$40,000 of this amount to the pav-  
ing of Craig street. Later the Road Com-  
mittee reported in varying nearly \$17,000 of  
this amount to the following objects: Pav-  
ing part of St. Catherine street east, \$3,-  
000; paving Maisonneuve street, \$7,000; pav-  
ing further part of Craig street, in addition  
to portion covered by present contract, \$4,-  
750; Logan's Farm, \$2,000.

In the Finance Committee, Aldermen Sad-  
ler and Ekers persistently opposed this pro-  
posed diversion of the money from Craig  
street, and on September 8th, at a full meet-  
ing of the Finance Committee succeeded in  
carrying a resolution on a vote of four to  
three, rejecting the Road Committee's report  
in favour of diverting the money and re-  
affirming the original report to devote the  
round sum of \$40,000 to the paving of Craig  
street, which the committee had adopted at  
a meeting on the 5th of April. At a meet-  
ing of the Finance Committee held on Sep-  
tember 9th, when both Aldermen Sadler  
and Ekers were absent the vote was recon-  
sidered again and the report carried on a  
vote of three to two. The report introduced  
in the Council was based on this vote.

A POINT OF ORDER.

When the report was introduced the  
Council, Alderman Sadler raised a point of  
order. An actual majority of the Council  
was required to reconsider a motion, and  
the same rule applied to the Council's Com-  
mittees.

Alderman Ekers quoted rule 26 of the  
Council which says that a question decided  
by the Council cannot be reconsidered twice  
within a year.

Alderman Ames read section 54 of the  
Rules of Order which provides that all rules  
of the City Council apply to committees of  
the Council.

Alderman Beausoleil spoke at length  
against the point of order. Objections to  
the procedure of committees should be made  
at the meetings of those bodies. The Coun-  
cil had no right to dictate to committees or  
take any cognizance of the proceedings of  
committees further than contained in and  
explained by the reports to Council. If  
there were objections to the procedure of  
committees they should be stated at com-  
mittee meetings and not in the Council.

TO GET ATTORNEY'S OPINIONS.

His Worship the Mayor said that the  
question was a very important one and  
had never been raised to his knowledge be-  
fore. It raised the question  
the Council should take  
proceed

True happiness does not begin for a wo-  
manly woman until she becomes a mother.  
The fear of death stands between thousands  
of women and this supreme joy. If a wo-  
man will but take the right course, she may  
trample this fear out of her heart, and all  
cause for it out of her body.

There is practically no danger, and but  
little pain, in maternity, for a woman who  
is thoroughly healthy and strong in a wo-  
manly way. Dr. Pierce's Favorite Prescrip-  
tion cures the delicate organs that bear the  
burden of maternity strong, healthy, virile  
and elastic. It banishes the distress of the  
period of impending maternity, and in-  
sures the new-comer's health and an ample  
supply of nourishment. An honest drug-  
gist will not try to get you to take some  
substitute for his profit's sake. Prospective  
mothers who write to Dr. R. V. Pierce will  
receive the best advice of an eminent and  
skillful specialist, for thirty years chief con-  
sulting physician to the great Invalids' Ho-  
tel and Surgical Institute, at Buffalo, N. Y.

"A neighbor of mine who was expecting the  
arrival of a baby before very long, was in very  
poor health," writes Eliza Remusider, Post  
mistress, at Majella, Bourbon Co., Kansas. "I  
induced her to try Dr. Pierce's Favorite Prescrip-  
tion. She used four bottles, and has just been  
delivered of as fine a daughter as I ever saw.  
She was only a short time in labor and is now  
doing well."

**Pierce's** For sick headache, bil-  
iousness and constipa-  
tion, Dr. Pierce's Pleas-  
ant Pellets are the most rational cure  
known. They are mild but thorough and  
effective. They regulate and invigorate  
stomach, liver and bow-  
els. Never gripe. No  
other pill is like them. **Pellets.**
