

GENERAL REGISTER.

The full names (not initials) of Pupils must be neatly entered in this table, with their exact ages on the first day of the School year, August 1st. These, with the pupil's number, which must remain unchanged during the year, grade at beginning, and the parent or guardian's name and address, must be filled in when the pupil is enrolled. The remaining columns must be filled in before the Annual Return is made at the close of the year. If in any school pupils enrolled on this page should be transferred out of this department into another within the school year, their names, numbers and addresses must still remain on the page, but in the column "days' attendance," instead of days' attendance, a dash, (—), will be entered, indicating the transfer. The names, &c., of these (whose attendance is transferred out of the school) must not be counted in the Annual Statistics nor entered in the Annual Return of this department. For further explanations see last page.
